PARKS AND RECREATION REQUESTS PUBLIC'S SUGGESTIONS REGARDING SERVICES

Bernalillo County Commissioner Teresa Córdova and Parks and Recreation Director Ed Chismar will host an open house and public meeting on Wednesday, March 1, 2006 at 5:30 pm at Los Padillas Community Center to gather input from the community on how to better serve resident's needs.

"The staff at Parks and Recreation strive to provide a well-rounded variety of services to members of our community," says Commissioner Cordova. "We look forward to comments and suggestions from those individuals who currently take advantage of the services and those who are using the facilities for the first time."

This is one in a series of meetings that will be held in all commission districts to allow the Parks and Recreation Department the opportunity to assess the current level of services and requests by community members.

Los Padillas is located at 2117 Los Padillas Road, SW. For more information please call Johnny J. Armijo, Manager of the Center, at 877-1884.
